

isCon® conductor in light grey

Please refer to the mounting instructions for information on routing the OBO isCon® cable.

- Floating discharge-free, high voltage-resistant, insulated arrestor
- For maintenance of the separation distance according to IEC 62305
- Equivalent separation distance $s \leq 0.75$ m in air
- Can be used in potentially explosive areas Ex zone 1/2 and 21/22 when taking the current mounting instructions into account
- Cable weight 86.8 kg/ 100m
- Suitable for routing in the earth
- Can painted different colours
- Halogen-free
